

About Us

Established in 2004, Amax Technologies has become a world-class Electronics Components Distributor which offers excellent support for Research & Design houses in their New Product Innovations (NPI) productions, Engineering Requirements, Design-in activities, Inventory Management and Components Sourcing and Distribution worldwide.

Our Headquarters are in Singapore and we have sales facilities in the Asia-Pacific region.

Fact Sheet

Name of Company: Amax Technologies Pte Ltd.

Year of Establishment: 2004

Principals: Rohm, OKI Semiconductors, Yageo, Steward, AUK, Erocore, SJK, Kodenshi, HT Display, Roson, Wochart, Starchips Technology.

Services: Franchise Distribution, System Solutions for Principal Product, Vendor Managed Inventory, Component Sourcing and Trading and Kitting Services.

Customers: APC, L&T, LG, MIRC (Onida), Tata, Verifone, Visteon, etc.

Office Locations: Singapore, New Delhi (India), Mumbai (India) and Bangalore (India).

Logistic Hubs Location: Singapore, Hong Kong, Shenzhen and Taiwan.

Regional Employees: 20+

Vision

To achieve Excellent Partnership with our Customers by providing Strategic Solutions.

Mission

We are committed to the continuous pursuit of delivering products of high quality and reliability with unparalleled value-added services to achieve customer's full satisfaction.

This constitutes our objective to be a leading electronics distribution channel worldwide.

Market Segments

Products

Passive component
Resistors
Capacitors
(MLCC, Tant Caps, ECaps, Film Caps)

Modules
IRDA
Remote Control Receiver
Thermal Print head

Discrete Component
Diode
Transistor
Mosfet
EEPROM
Op-Amp
LDOs
Regulators

ICs & LSI
LED Driver IC
Telecomm IC
Video IC
MP3 Decoding IC
Power Management IC
Security Authentication IC
MCU/MPU
Analog IC
Specific Function LSI

Opto-Electronics
LED
Power LED

Sensor
Ambient Light Sensor
Optical Sensor
Photo Interrupter

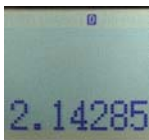

Inductor & Ferrites
Inductor
Ferrites Beads
Coils

Printed Circuit Board
PCB Design
PCB Fabrication

Crystal & Oscillator
Crystal
Oscillators
(TCXO, VCXO, etc.)

Display
LED Display
LCD Display
LCM
TFT Display
Touch Panel – Resistive & Capacitive

Services

Franchise Distribution for Reputable Components Manufacturer

You will be exposed to a diverse range of high quality components, all of which are in compliance with RoHS regulations.

System Solutions for Principal Product

Our experts are able to make precise recommendations for the specific circuitry you require, along with reference design solutions from our Principals.

Vendor Managed Inventory

Customer reduces the need of having to keep stocks in hand as our logistics hub would take care of the inventory, until it is ready for use.

Component Sourcing and Trading

We have competent Sales Application Engineers (SAE) who can seek these components, even with the most uncompromising specifications you can imagine.

Kitting Services

Send us your Bill of Materials (BOM) and we will have our experts to determine the best price from an assortment of reputable components we carry, in the shortest time possible.

Offices and Logistics Hub

The Singapore Headquarters oversees the global logistics hubs, finance and administrative operations. Regional sales offices for India are in New Delhi, Mumbai and Bangalore, each focusing on targeted market segments.

The internationally recognized SAP Logistic System is integrated with our inventory, warehouses and our whole operation system. Our global logistics hubs span across the region in major markets of Singapore, Hong Kong, Shenzhen and Taiwan.
